<b>Eden Arc.</b>	32	Eden Arc is a sustainable architectural design, development and construction firm specialising in unique solutions for second home developments.

## Eden Arc at Silverlake.

### Introduction and highlights.

The ultimate country retreat, Silverlake offers design-led holiday homes in a secure, stunning setting of freshwater lakes, sweeping countryside and the Jurassic Coast on your doorstep. This is the perfect escape from urban life, nestled in the heart of 'Thomas Hardy's Wessex'.

At the heart of the estate sits the Eden Arc Alp, a generous single-storey, contemporary barn-style residence available in 2 bed / 2 bath or 3 bed / 2 bath configurations.

Eco-chic, architecturally designed and built to full British Building Regulations using our rapid two-month above-ground construction method, the Alp redefines what a high-end holiday home can be.

A large vaulted ceiling draws the eye upward, while fully glazed gables frame the countryside beyond - bringing the outside in and the landscape to life.

Access to the best  
of Dorset - Jurassic  
Coastline, beaches  
and countryside

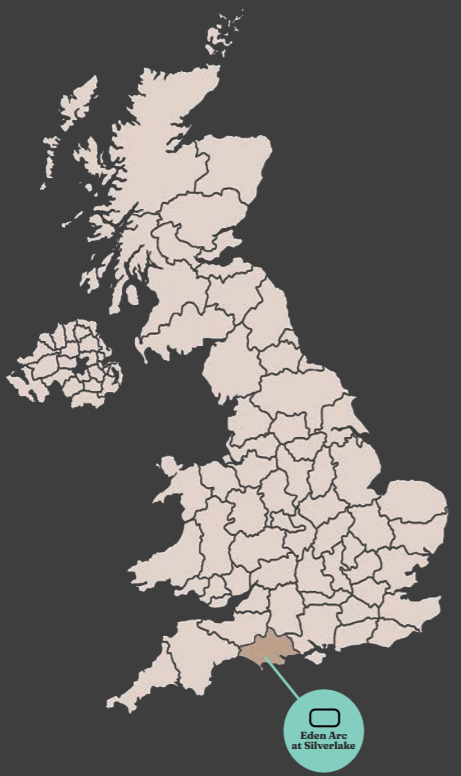

A wide-angle landscape photograph of Dorset's coastline. In the foreground, a grassy hillside slopes down towards the sea. A winding path or road is visible on the hillside. In the middle ground, a prominent white chalk cliff face rises from the sea. The sea is a calm, light blue-grey color. In the background, more white cliffs are visible under a pale, overcast sky. The overall mood is serene and natural.

**World-class beaches,  
beautiful coves and  
vibrant seaside towns.**

Dorset's timeless charm captivates its visitors. A haven of rural tranquility away from big cities and motorways, it invites reconnection with nature through unspoiled landscapes and endless exploration.

# Home of the iconic Jurassic Coast.

### Dorset. South-west England.

The Eden Arc Alp is located in the country club-like environment of the Silverlake Estate, nestled between Dorchester and Weymouth in the stunning county of Dorset, south-west England.

This idyllic retreat is close to some of the UK's most spectacular coastlines, including the renowned Jurassic Coast, a UNESCO World Heritage Site that attracts visitors from all over the world.

Enjoy scenic walking trails, fun-packed family activities and some of the most picturesque countryside the UK has to offer, with the enchanting Lulworth Cove, Durdle Door and picturesque Weymouth Harbour being visitor favourites.

With easy access from London in just over 2.5 hours, you can quickly arrive at the ultimate sanctuary to relax and unwind, unplugging from the hustle and bustle of daily life.

Silverlake offers the perfect location to explore the region's highlights and is close to world-class beaches, beautiful coves and vibrant seaside towns.

**Where nature  
meets design.**

An expert team of ecologists, conservationists  
and architects have shaped Silverlake into  
something remarkable.

## The perfect rural retreat.

### Silverlake. A world apart.

Set on the former grounds of RAF Warmwell, Silverlake is a place where history, nature and exceptional design converge. This is Dorset at its most unspoiled - sweeping countryside, abundant wildlife and the kind of stillness that reminds you what really matters.

Nestled in the heart of Thomas Hardy's Wessex, barely ten minutes from the UNESCO World Heritage Jurassic Coast, the Silverlake Estate is a world apart. Calm freshwater lakes, open waterways and wide panoramic views form the backdrop to a truly extraordinary country retreat - secure, serene and designed to let you breathe.

This is eco-chic living, architecturally realised. A sanctuary from the pace of modern life and a place you'll never want to leave.

### Where nature meets design.

An expert team of ecologists, conservationists and architects have shaped Silverlake into something remarkable - a living, breathing landscape where wildlife flourishes and the great outdoors stretches endlessly in every direction.

### Get out and explore.

Whether you're discovering the estate by water or by trail, Silverlake has everything you need to make the most of it. Take to the lakes with paddle boards, kayaks, canoes or the charming coracle. Alternatively venture further afield on premium mountain bikes, available for adults and children, with a toddler trailer for the little ones.

And when you're ready to simply be, the estate has that covered too.

### Life on the estate.

- Fishing lake
- Cycle and footpaths
- Dormouse Trail
- MUGA and tennis court
- The Beach - freshwater swimming and relaxation
- Hurricane Spa - heated pool, sauna, gym and full treatments
- Yurt and pizza oven - for evenings worth remembering

### **Sustainability at it's core.**

While coastal towns face growing pressure from seasonal tourism, Silverlake takes a different approach. Purpose-built and self-contained, it sits lightly on the land - protecting the environment and surrounding communities rather than straining them.

### **Part of something bigger.**

Silverlake is part of Habitat First Group, a development company built on a profound respect for the natural world. Built on a former quarry that is now a flourishing nature reserve, it's proof that holiday home communities and nature can not only coexist - but thrive together.

### **Habitat zero.**

Habitat First's commitment to a carbon-neutral future is visible across every corner of the estate - from building with Nature Accredited construction and renewable timber builds, to EV charging points, native tree planting, carbon offsetting for homeowners and natural habitat management through grazing livestock.

This isn't just responsible development. It's a better way to build.

### **A wildlife sanctuary like no other.**

Silverlake is a living, breathing nature reserve. Over 150 bird species have been recorded across the estate and every season brings something new to discover.

### **Lakes and ponds.**

Tufted Duck, Little Egret and Great Crested Grebe are regular visitors, while autumn brings the spectacle of Starling murmurations rolling in over Beaumont Lake. In summer, 17 species of dragonfly dart across the water, otters are increasingly spotted at dawn and dusk and small herds of deer graze quietly in the reed beds.

### **Heathlands.**

Rare heather varieties, Heath-spotted Orchids and Bog Asphodel carpet the ground across Outer Heath and Dart Heath, while Nightjars, Barn owls, rare butterflies and thousands of invertebrate species make these some of the most biodiverse habitats in the region.

### **Woodland and Heath Hide.**

Dormice, badgers, Bullfinch and Goldcrest thrive in the woodland around Dart Heath. A short walk behind the Eco Pool leads to Heath Hide - a peaceful vantage point over Silverlake mire and Warmwell Heath. Bring binoculars.

## Redefining the holiday home.

The distinctive design blends style with sustainably built, functional living - effortlessly merging indoor and outdoor living.

## The Eden Arc Alp

### Distinctive by design.

Eden Arc residences effortlessly merge indoor and outdoor living, blending sleek, contemporary barn-style architecture with sustainably built, functional spaces that feel as good as they look.

Full-height aluminium framed gable windows flood the open-plan living space with natural light, framing the landscape beyond and opening onto a covered canopy terrace, creating seamless inside-outside living.

The fully fitted kitchen - complete with integrated dishwasher, fridge freezer, wine cooler, induction hob, oven and generous central island - is designed for relaxed dining and effortless entertaining.

Premium ceramic wood-effect tiles (see upgrades below) run throughout, carpeted bedrooms, complemented by custom wall coverings, curated lighting and thoughtful finishes that create a calm, luxurious atmosphere.

Generously sized double bedrooms come with en-suite and family bathrooms, as well as a separately accessed boot room with laundry sits off the entrance hall, a practical necessity for life at Silverlake.

Our modern construction methods means you could have your perfect holiday home in 2-3 months upon groundwork completion.

### Where style meets sustainability.

Every Eden Arc home is engineered using highly insulated structural panels (SIPs) and modern sustainable materials. Built to full British Building Regulations and Passive House standards, our Alps are designed for low-impact living without compromising comfort or quality.

Available in 2 bed / 2 bath or 3 bed / 2 bath configurations, with plots from 500m<sup>2</sup> and a rapid two-month above-ground build to Shell & Core stage.

### Specification highlights.

- Contemporary barn-style architecture with aluminium cladding and thermally treated timber slats
- Modern highly insulated construction technology
- Built to full Building Regulations and Passive House standards
- Full-width UV-protected glazing with flush thresholds
- Generously sized open-plan living and kitchen space
- Built-in storage and wardrobe space
- Aluminium framed double glazing throughout
- Covered exterior terrace and separate boot room / utility
- Optional boathouse store or office space on plot
- Private parking with EV charging point
- Environmentally considered materials throughout
